Bunk Feeder and Hay Rack

This versatile, lightweight feeder is built low to the ground to accommodate goats and all types of short-to-medium sized animals. Extremely durable, this is one of the sturdiest feeders of its kind on the market. It is available with or without the hay rack, which bolts directly to the frame. The hay rack is galvanized for excellent durability and features 4" x 4" wire mesh for easy feeding and minimal waste.

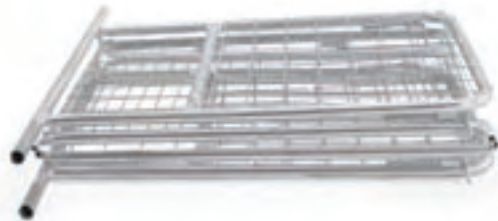

Shown with optional Goat Hay Rack.
