

# CREEP FEEDERS

## 140 Bushel Portable Creep Feeder

The American Farmland Creep Feeder has long been the standard of excellence, efficiency and economy in creep feeding. Now there are even more reasons to invest in the fast payback this creep offers.

- Improved feed agitation ensures even flow of feed with the simple turn of a crank
- The only powder-coated creep feeder on the market – helps resist rust
- Loading hatch remains operative even when panels are in raised position
- Longer and wider catwalk makes filling easier and faster
- Creep panel bolts replaced by easy-to-use R-pins
- Heavy-duty wheels and large pneumatic implement tires make transport easy, even on rough ground
- R-pinned corner braces ensure maximum cage stability
- Heavy-duty adjustable tongue is removable, eliminating sharp edges that could harm animals
- Adjustable height limiter allows for two height positions or can be removed entirely
- New cage-stays allow creep cages to swing up and out of the way for transport yet don't interfere with loading the feeder
- 28" overhang prevents moisture from gathering in the trough

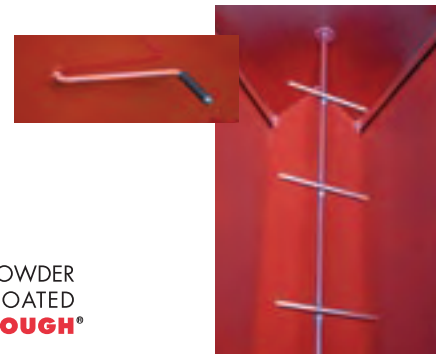

**THE ONLY  
POWDER-COATED  
CREEP ON THE  
MARKET!**

C140WC

Heavy-duty adjustable tongue is also fully removable

Agitator ensures even flow of feed with the simple turn of a crank

**POWDER  
COATED  
TOUGH®**

### NOTES:

Offered with or without cages.

With Cage — ITEM # C140WC		Without Cage — ITEM # C140	
Feed Capacity — approx. 7000 lbs.		Approx. Dry Feeder Weight — 1720 lbs.	
Cage Length — 8' 3"		Feeder Height — 7' 8"	
Cage Width — 5' 2"		Feeder Top Width — 7' 10"	
Cage Height — 48"		Feed Bottom Width — 5' 6"	
Calf Stall Openings — 10		Over-All Length w/o Tongue — 8' 3"	
Calf Stall Width — 17"		Over-All Length w/Tongue — 11'	
Feed Trough — 18" w x 8' 3" l x 5-1/2" d x 2 sides		Over-All Width w/Cages down — 16' 8"	

Loading hatch remains operative even when cages are in raised position
