

## 5' OR 10' 1-PIECE HEAVY-DUTY BUNK FEEDER

Our 1-Piece Heavy-Duty Bunk Feeder is the industry leader in design and quality. The replaceable bunk liner is formed in a single piece from 100% recycled materials with no seams or inserts and is built rugged to withstand abuse from small or large herds. The welded frame is made from 1-3/4" diameter round tubular steel and the poly liner is held securely by rivets. Available in 5' or 10' lengths in red or galvanized frames, the feeder is 27" wide. You can also add a 5' or 10' galvanized hay rack for even more versatility.

## IMPROVED DESIGN!

Bunk liner is held securely to the frame with rivets.

*FOR OUR COMPLETE LINE OF EQUINE BUNK FEEDERS, PLEASE SEE THE EQUINE EQUIPMENT SECTION, PAGE 27.*
