

Horse Walk-Thrus with Panel

The Equestrian World Walk-Thru Arch Gate with Panel is designed to complement our 5' and 6' corral panels. Providing a 6' wide opening, these walk-thrus are available with 9' arches in gray powder-coat over e-coat for maximum aesthetic appeal and long-lasting corrosion resistance. The gate also features a chain latch hookup to your corral and a high-mount latch for easy-opening. The 6' panel welded to the 6' arch makes for an even sturdier entry point and also enables 12' x 12' square corral enclosures, each with their own entry.

Description	Length	Approx. Weight	Color	ITEM #
Horse Walk-Thru w/Panel 5' Tall	12'	100 lbs.	Gray	HWT566
Horse Walk-Thru w/Panel 6' Tall	12'	127 lbs.	Gray	HWT666

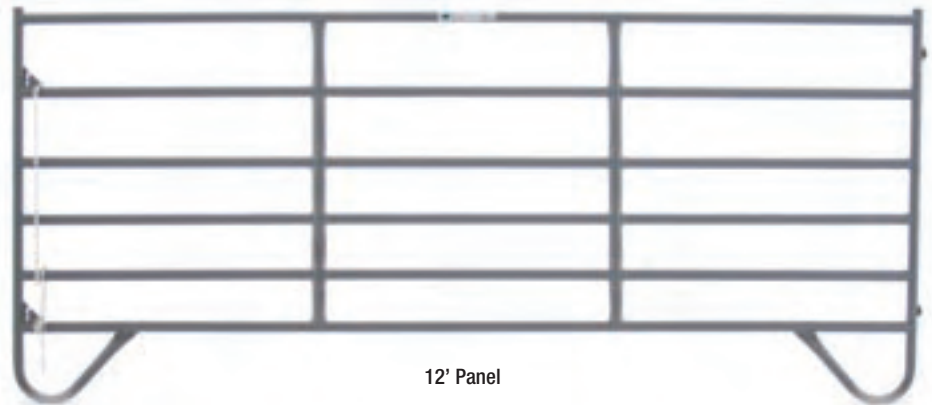

6' Tall Gate & Panel

5' Tall Gate & Panel

Extra Heavy-Duty Horse Corral Products

These extra heavy-duty horse corral products work for your toughest situations. The panel features straight end posts, 2 exterior side braces and tight chain latch. The walk-thru with attached panel provides an extra wide and extra tall entry way to any corral or 12' square pen. The 9' tall arch provides better clearance for horses and the chain latch design provides for a strong, versatile hook-up. These products also feature the durable powder-over-e-coat finish and come in gray only.

12' Panel

Description	Length	Approx. Weight	Color	ITEM #
HD Horse Corral Panel 5' Tall	12'	95 lbs.	Gray	HCPHD512
