

# WALK-THRU

## Walk-Thru Arch Gates

Our Walk-Thru Arch Gates complement our portable corral panels and provide ease of access for both livestock and herdsman. These walk-thrus feature a variety of lengths with an 8' arch, which makes it easy for trailers, wagons and large equipment to pass. The superior e-coat finish ensures a longer life in the field, and the quick pin-latch system ensures a quick, yet secure hookup for your corral pen. The gate also features a chain latch. In addition to our painted models, we also offer the galvanized in 4' and 6' lengths. They are available in a wide range of constructed tubing including round 1-3/4" and round 2" in a variety of colors and weights.

Economy 1 3/4" Round Tube				
Length	RED ITEM #	BLUE ITEM #	GREEN ITEM #	Approx. Weight
